CAMBON TO BERLIN

Washington, July 2.—The officials of the French Embassy here are not prepared to make any statement in regard to the intimation conveyed in a press dispatch from Paris today that Jules Cambon, the French Ambassador at Washington, may be transferred to the Berlin Embassy as a result of a contemplated shift in the French diplomatic service. The Ambassador himself has left Washington, and, indeed, was due to arrive at Paris today. Nevertheless, it is understood that such a transfer for M. Cambon is well within the range of possibilities.

Christiania, Norway, July 2.—Fire broke out yesterday at Laurvig, province of Jarlsberg. About 150 buildings were destroyed. The loss is estimated to be over a million kroner (about \$280,000).

General Smith is Probably Guilty

Washington, June 28.—It is announced by the War Department that the case of General J. H. Smith will not be acted upon finally before the end of next week at the earliest. Judge Advocate General Davis has completed his review of the proceedings of the court-martial and the papers are now in the hands of Secretary Root, who is so busy with other matters that he has not yet had time to give the question the attention it deserves.

It has been generally understood that General Smith was acquitted by the court, but it transpired today that such was not the case, the court, it is alleged, having found General Smith guilty of violating the rules of war and sentenced him to be reprimanded by the reviewing authority, which in this case is President Roosevelt.

Manila, June 29.—Brigadier General Jacob H. Smith, formerly in command of the American forces in the island of Samar, left here today for San Francisco in the United States transport Thomas.

Warship Carries Pauncefote's Body

Washington, July 1.—Very quietly and without formal ceremony the body of the late Lord Pauncefote, British Ambassador to the United States, was removed from this city today.

The remains were taken from their resting place in Rock Creek Cemetery and conveyed by special train to Annapolis, where the last ceremonies in this country were held. The entire staff of the British embassy accompanied the remains to Annapolis. There the funeral train was met by a detachment of marines and seamen, and the remains were escorted from the railway station to the Naval Academy wharf.

The body bearers were sixteen in number—eight sailors and eight marines. A caisson drawn by six horses and manned by members of the Fourth Battery, United States Artillery, from Fort Meyer, Va., bore the casket. A salute of nineteen guns was fired as the body was placed aboard the Standish, which conveyed it to the cruiser Brooklyn, anchored in the offing. The Brooklyn, with Rear Admiral Coghlan's pennant at her peak, weighed anchor at 6:55, and proceeded slowly down the Chesapeake.

Mount Wrangel is Now in Eruption

Seattle, June 30.—The Alaska Commercial Company's liner Bertha, Captain Johansen, reached port this morning from Valdes and westward points with thirty-six passengers and news from Valdes up to June 22. The vessel had an uneventful trip and experienced pleasant weather, with the exception of a few days in Cook Inlet, where it was foggy and cloudy.

Because of the atmospheric conditions Mount Redoubt, which had been in an incipient state of eruption since early in the spring, was not visible and it is not known what extent the outbreak has reached. However, Mount Wrangel is also in eruption now.

Ship Carpenters Strike in Oregon

Portland, Or., July 1.—Ship carpenters employed in private yards did not go to work today, the employers having failed to accede to their demands for an eight-hour day at \$3.50. About 200 men are out. It is said that many of the ship carpenters will go to San Francisco from here.

The marine engineers of the Oregon Railway and Navigation Company went on strike today for a 10 per cent increase in wages. Only about 100 men are involved.

Carpenter work was resumed throughout the city today in consequence of the action of the Building Trades Council last night in calling off the boycott on the product of the "unfair" mills.

Gold Showered By Prohibitionists

Peoria, Ill., July 2.—The convention of the Illinois Prohibitionists today was a most exciting affair. When the call was made for voluntary contributions the 1200 delegates went wild with enthusiasm, and, crowding forward, they showered offerings upon the stage. It was a rain of wealth, and the chairman and secretary of the convention were compelled to retreat from the stage until it had ended. Almost \$5000 in cash was heaped upon the platform.

Meteor Beaten Four Times.

Eckenforde, Prussia, July 2.—Emperor William's schooner-yacht Meteor was beaten yesterday for the fourth time by the British schooner Clara in the long run from Kiel. The Clara was second and the Meteor third. The Imperial Chancellor, Count von Buelow, was a guest of the Emperor on the Meteor.

Quick Trip Made Across Continent

Chicago, June 29.—By fast trains just put into operation by the Pennsylvania and Rock Island roads the trip across the American continent can be made in four days. The schedule is as follows: Leave New York on the Pennsylvania twenty-hour special at 1:55 p. m. Sunday, for instance, and arrive at Englewood, Ill., at 8:35 a. m. Monday. At this point, which is only six miles from the center of Chicago, the Pennsylvania and Rock Island have a union station, and by changing here passengers avoid the transfer across the city and make connection with the west-bound service, which otherwise would be missed.

The Rock Island has a train, the California-Mexico Express, by its El Paso short line, which leaves Chicago at 8:32 a. m., passing Englewood at 8:46, allowing eleven minutes leeway between the trains. This train arrives at Kansas City at 10:45 Monday evening; at El Paso 7:30 a. m. Wednesday, and Los Angeles at 11:05 a. m. Thursday, the elapsed time being thirty-three hours and ten minutes, to which add three hours on account of change of time en route. This makes the actual running time ninety-six hours and ten minutes from ocean to ocean, the distance traveled being 3176 miles.

Irish Land Cases Source of Danger

London, July 2.—A long and heated debate on the Irish land question was precipitated in the House of Commons today. Thomas W. Russell, Liberal, moved the adjournment of the House to discuss the pending evictions from the estate of Lord de Frayne, in Roscommon county, in connection with which that nobleman recently had writs issued against several members of the Irish Parliamentary party, whom he charged with conspiracy.

Russell declared that unless the Government intervened to prevent these evictions an era of serious discontent would be inaugurated in the west of Ireland.

Governor Kills Convict.

San Diego, July 2.—A special from Benesada to the Union says: Governor Sanguines today shot and killed Luciano Cabrera, a prisoner in the cauel, after the latter had attacked and nearly killed Lazaro Valencia, the jail keeper. Governor Sanguines was struck on the head with a club by Cabrera and received a severe scalp wound which, it is thought, will not prove serious.

Second. All the property conveyed by Frederick H. Hayselden on January 24th, A. D. 1891, to wit: That certain indenture of lease of the Ahupuaa of Kamoku and Paomai, on the Island of Lanai, made by and between the Commissioners of Crown Lands, of the first part, and said Frederick H. Hayselden, of the second part, dated December 19th, 1890, of record in liber 128, fol. 276-279.

Third. Lease No. 168 of Kealia Apuni, Paswili and Kamao containing 8360 acres, expiring June 23d, 1908, annual rental \$150, payable semi-annually in advance.

Fourth. Lease No. 229 Mahana, containing 7973 acres, expiring November 1st, 1907, annual rental \$100, payable semi-annually in advance.

Fifth. Lease No. 279 of Kaunolu, containing 7860 acres, expiring February 1, 1907, annual rental \$250, payable semi-annually in advance.

Personal Property.

First. All those flocks of sheep on the 20th day of June, A. D. 1902, of thereabouts, of mixed ages and sexes, on said day depasturing, running or being upon the said Island of Lanai, and also all that herd of cattle and all horses, on said 20th day of June, 1902, also depasturing and running upon the said Island of Lanai on said day, all formerly belonging to the Estate of Walter M. Gibson, deceased, together with all the natural increase of the said flocks and herds, and also all the wool then upon the said sheep, and which has since that time been produced and shorn from said sheep and their said increase, save and except such sheep, cattle and wool as have been sold with the consent of the said plaintiff.

Second. All wool presses, wagons, carts, harnesses, tools, implements, chattels and effects, belonging to said Walter Murray Gibson on said August 31st, 1887, situated on the Island of Lanai, at said time, and now in and upon said lands or any of them.

The flocks of sheep and their increase are now estimated at about 18,000 head.

The herd of cattle with their increase are now estimated at about 240 head.

The herd of horses with their increase are now estimated at about 210 head.
